Request for Assistance:

The University of Missouri Police Department needs your assistance identifying the owner of the car in the following photos. The car was in the University Hospital parking garage on January 5, 2017 around 2:44 a.m. The car is believed to be a red ford mustang coupe with significant damage to the rear passenger side fender. The front driver's side wheel is different from the rear passenger side wheel, which was a stock, silver, 5-spoke wheel.

The owner is not a suspect in any case and we are simply looking to identify the owner due to the car being in the area of an investigation we are conducting where the driver may have information we need.
